

hmap::Function

```
graph BT; A[hmap::DiskFunction] --> B[hmap::Function]
```

The diagram consists of two rectangular boxes. The top box is white with a thin black border and contains the text 'hmap::Function'. The bottom box is gray with a thin black border and contains the text 'hmap::DiskFunction'. A blue arrow points vertically from the top center of the gray box to the bottom center of the white box, indicating a relationship where the gray box inherits from or is a specialization of the white box.

hmap::DiskFunction
